## **Subject: - Letter of Appreciation**

Dear Santosh,

We would like to thank you for conducting corporate workshop of SKY-PRO – A New Age Healing Technique in our organization. Our employees who have participated in your workshop have found it to be very helpful and instrumental in reducing stress. SKY technique is one which anyone can practice and is a very simple yet influential technique. Participants have shared that they are experiencing physical, emotional, psychological and spiritual well-being by performing SKY technique. In some cases it has helped people reduce their day to day stress.

We hope to have such associations with you in future also.
